

YPRESCHOOL™

A great place for your child to grow!

Northwest Family YMCA Preschool Program

A collaboration with Moundsview Public Schools Community Education

The Preschool Plus program offers a distinctive learning experience in a fun, nurturing environment. Qualified Preschool teachers, with four year college degrees, assist children in the development of classroom socialization, create a passion for learning and prepare them for school success.

The YMCA Preschool Plus program is located at **Pike Lake Education Center, 2101 14th Street NW, New Brighton.** The school location affords many amenities such as a cafeteria, gym and playground. YPreschool develops physical, emotional and social competencies, providing more learning opportunities for your child than any other preschool program.

YMCA Preschool Plus Full Day Program For ages 4 – 5 years old*

HOURS: 6:30 a.m. – 6:00 p.m.

DAYS: Monday – Friday

BEGINS: September 8, 2009 year round program

The YMCA recognizes that children learn in different ways. The full day format strengthens learning by utilizing the Creative Curriculum and learning domains found in the **Early Childhood Indicators of Progress: Minnesota's Early Learning Standards.**

The learning domains are aligned with the school districts goals for Kindergarten through Grade 12. They help to interpret developmentally appropriate expectations for young children in the following areas; social and emotional development, language and literacy, mathematical thinking, scientific thinking, social studies, creativity and the arts, physical and motor development and approaches to learning.

This program provides an excellent alternative to conventional day care. A nutritious breakfast, lunch and snack are included.

ADDITIONAL ENRICHMENT ACTIVITIES INCLUDED:

Kidz Fit: builds a foundation of healthy habits while having fun. Your child will enjoy learning about the importance of taking care of their bodies, exercise and movement.

Music and Movement: explores musical concepts in a variety of ways including singing, dancing, rhythm activities, finger play and musical instruments. These activities help to bridge the connection between music and movement, and develop large and small motor skills, focused listening and self-expression.

Other activities include cooking, nutrition, arts & crafts, science, multicultural studies and nature.
